What is FM Choice?

With FM Choice we are highlighting our highrunner contact probes and providing our customers significant benefits. By choosing one of our FM Choice articles our customers will benefit from fast delivery times and attractive prices.

We are proud to mention that the FM Choice portfolio currently includes more than 350 ICT/FCT contact probes for pitches of 100, 75 and 50mil (F100 / F075 / F050) and the most common used spring forces and tip styles. More will follow!

Due to our broad FM Choice portfolio coverage, we can cover a large proportion of our customers' technical applications. So you benefit even more!

Benefits at a glance

- For our ICT/FCT FM Choice articles we are offering our customers attractive prices. This is possible since these kind of probes are our highrunner probes with a huge demand p.a.
- Very fast delivery times and high availability. In the majority of the cases we are able to deliver directly from our stock.
- More than 350 ICT/FCT FM Choice contact probes with the most common tip styles and spring forces! (F100 / F075 / F050). With this FM Choice articles we can cover a large proportion of our customers' technical applications.
- FM Choice also applies to most of our progressive series!

The page on the right only shows some examples of the available FM Choice contact probes.
More on request.
